Course.

This is a blended learning Instructor Course that includes the Methods of Instruction portion (Traditional Week One of Alaska Instructor Course), which is completed online and the Alaska Specific EMT Instructor portion ( Traditional Week 2) which is held in the classroom on October 14-18, 2019. The blended course will cover concepts of adult education and the learning environment, as well as regulations, requirements and resources for teaching EMTs in the State of Alaska. Expect the online portion to take approximately 40 hours.

The blended course is designed to be an intensive learning experience and will require successful completion of the online portion (or proof of a MOI certificate) as well as completion of homework in the evenings during the classroom portion. It is expected that you are proficient with EMT skills and knowledge prior to entering this training program as there will be no review of EMT skills or knowledge during this class.

If the student already holds an MOI certification (Fire MOI, EMS MOI, or other approved MOI courses) or education degree or certification they will not be required to complete the MOI online, however there will be an Presentation assignment due on the first day of the Alaska Specific Instructor Course. (This will be assigned upon successful enrollment into the classroom portion.
